FRANKLIN BROTHERS
BRYAN, TEXAS,

WHY?

Because their way of doing business is to do it by wholesale. TWO big markets—15 men employed all the while catering to the wants of fastidious trade educated to eat good meats and no other. We have the facilities and intend to keep the trade by always selling the best at the lowest prices it can be bought for. We buy Wool, Hides, Pelts at highest market price.

THE CUBAN MEASURE

General Debate Will Close on the
Bill This Afternoon.

SENSATIONAL TALK

Mr. Cushing Arraigned the Republican
Party in the House—Democrats
Favor Removal of Differential
on Refined Sugar.

Washington, April 18.—General debate on the Cuban reciprocity bill closes at 3 o'clock this afternoon, and it is the intention of the house leaders if possible to force a final vote on the passage of the bill before adjournment tonight.

All day Thursday the leaders were counting noses and preparing for the final struggle.

The opponents of the bill occupied most of the debate Thursday, the feature being a vigorous speech by Mr. Cushman (Rep., Wash.) against the measure. Mr. Cushman arraigned the committee on rules and the house leaders in a breezy and at times sensational fashion. A portion of his criticism was in a semi-humorous vein, but some of it was decidedly caustic.

Mr. DeArmond, one of the leading Democrats of the house, delivered a forcible speech in favor of tariff reduction on trust articles. The other speakers were Messrs. Pierce of Tennessee, Douglass of New York and Lacey of Iowa, for the bill, and Messrs. Jenkins of Wisconsin, Gaines of West Virginia, Warner of Illinois, Gardner of Michigan, Jones of Washington and Loud of California, against it.

Mr. Loud declared that directly Cuba already had cost the United States one thousand million dollars.

The Democrats of the house, at a caucus held Thursday night, by a majority, estimated at three to one, adopted the following resolution, introduced by Mr. Swanson of Virginia.

"Resolved, That we favor the removal of the differential on refined sugar, both from Cuba and elsewhere, and believe that such amendments are properly in order, and we insist that it is the duty of all Democrats to vote whenever opportunity is given to have these amendments adopted to the pending bill providing for Cuban reciprocity. We are opposed to the adoption of the previous question when the bill is reported to the house until it shall have been properly amended in committee of the whole, as this will prevent an opportunity for just and proper amendment with recorded votes on the same."

"Resolved, further, That the action of this caucus is binding." This action binds the Democrats to vote to abolish the differential on refined sugar and against the previous question. Ninety-four Democrats were present.

Washington, April 18.—The house began session at 11 o'clock yesterday in order to expedite the Cuban reciprocity bill.

A veto message was received from President Roosevelt of bill pensioning Thomas F. Walter and was referred to the committee on invalid pensions.

Consideration of Cuban reciprocity bill was resumed and Mr. Jenkins of Wisconsin spoke on the political status of Cuba, maintaining there could be no suspended sovereignty and that at the present time Cuba was under the political domain of the United States.

THE CANAL BILL.

Senator Morgan Addresses the Senate in
Favor of the Nicaraguan Route.

Washington, April 18.—For more than four hours Thursday Mr. Morgan of Alabama, chairman of the Isthmian canal commission, addressed the senate on the subject of the Nicaraguan canal bill. He devoted the greater part of his speech to the desirability and practicability of the two principal routes, Nicaragua and Panama. Strenuously favored the former, and maintained that in every possible respect it had many advantages over the Panama route.

At the conclusion of Mr. Morgan's speech, which consumed more than four hours, Mr. Platt of Connecticut called up the Chinese exclusion bill passed by the house. He then moved that all after the enacting clause of that bill be stricken out and that the measure as passed by the senate yesterday be substituted for it. The motion was carried.

This action on the part of the senate was necessary in order to facilitate consideration of the measure in the house.

Washington, April 18.—Soon after the senate convened yesterday morning a bill granting to the Mobile, Jackson and Kansas City railroad the right to use a tract of land held for light houses purposes on Choctaw Point, Mobile county, Ala., was passed.

A bill was passed providing for the transfer of title to the military reservation at Baton Rouge, La., to the Louisiana state university and agricultural and mechanical college.

The resolutions offered by Mr. Cul-

person of Texas directing the secretary of war to send to the senate a statement of money paid by United States on account Philippines commission and a statement of money expended for sending troops to Philippines and for their maintenance were agreed to.

Washington, April 18.—When the house met at 11 o'clock this morning there was prospect of a memorable session ahead. General debate upon the Cuban reciprocity bill was to close at 3 p. m., and it was the intention of leaders, if possible, to hold the house in session until a final vote was taken. The action of the Democratic caucus

Thursday night which decided to vote solidly for the removal of the differential on refined sugar gave the leaders much concern as they were unable to figure out exactly what strength the proposition would command on the Republican side. The disclosures of Underwood relative to overtures made to Democrats on the basis of abandonment of the Crumpacker resolution, added new complication to the situation, and there seemed likelihood it might figure in the debate in a sensational fashion. The whole atmosphere when the house met was charged with electricity and a coming storm was evident.

Mr. Richardson of Tennessee, the Democratic leader, was the first speaker.

House Will Accept.

Washington, April 18.—The members of the house who have been chiefly interested in advancing the Chinese exclusion bill after informal conferences, decided to accept the senate substitute adopted yesterday, continuing in force the present laws, and applying them to our insular possessions.

DISASTROUS HAIL.

Crops Ruined, Vegetables Destroyed and
Much Damage to Property

Terrell, Tex., April 18.—Information was received in this city Thursday of a terrific storm in the Ables Springs community, ten miles northeast of here. At the residence of Price Knox hail fell until the ground was covered to a depth of four inches and much damage was done to young vegetation. At the residence of C. R. Lemay, two miles south of Ables Springs, the hail broke window glass and many hailstones went through the roof of his house. The bark on trees was beaten off by the hail and corn, cotton and other young vegetation were completely destroyed.

Rusk, Tex., April 18.—A very destructive hail storm passed north of this place Thursday, covering an area of about four miles long and one mile wide and destroying 75 per cent of the fruit crop and almost total destruction of the truck patches. Guinn Bros., near this city, lost 5000 bushels of peaches, it is estimated.

Willis Point, Tex., April 18.—The Cedar Grove country, some six miles north of here, was visited Thursday by a destructive hail storm. Parties in from there say that where the hail fell crops are a total loss. Wheat was cut to the ground, corn beaten down, the bark knocked off of fruit trees, gardens ruined and all the glass from windows knocked out.

THREE NEW BISHOPS.

One for Kansas, Honolulu and Porto Rico
Selected by Episcopalians.

Cincinnati, April 18.—In the Episcopal house of bishops Bishop Potter of New York was named to represent the American Episcopalians at the synod of "The Old Catholics" at Bonn, Germany, next August.

Bishops were selected as follows:

Salina, western Kansas, Nathaniel Seymour Thomas.

Honolulu, Henry Bond Restarick, rector of St. Paul's church, San Diego, Cal.

Porto Rico, James H. Van Buren, formerly of Lynn, Mass., and later of San Juan.

The new bishops cannot be consecrated for two or three months.

It was decided to admit the Episcopal church of Mexico, which has heretofore been affiliated with the Episcopalians of the United States. The Mexican church had selected as bishops: Rev. Henry Forester, Rev. Faust Orihuela and Rev. Jose Antonio Corrlon. It was decided that the presiding bishop, the one receiving the approval of a constitutional majority of the church, should consecrate these three men as the bishops of Mexico.

Against Burlison Resolution.

Washington, April 18.—The house committee on military affairs has decided that to recommend that the resolution offered by Mr. Burlison of Texas, asking that the court-martial of Major Littleton Waller lie on the table. The ground of the action was that the due forwarding of the papers from the Philippines to Washington could be expedited by action of the house and that when received the papers would be open to such inspection as is usually given; also that the resolution would be prejudicial to the parties concerned.

Manila News.

Manila, April 18.—Captain Pilcher has telegraphed to General Wheaton that the insurrection in the island of Mindanao is over.

grand Opera House

John B. Mike, Manager.

The mixed court-martial which tried Major Littleton T. Waller of the marine corps, on the charge of executing natives of Samar without trial, has begun the trial of Lieutenant John H. Aday of the marine corps on the same charge.

Gonzales, the insurgent leader, has agreed to obey Malvar's order, and will surrender.

Steamers Chartered for Oil Trade.

Boston, April 18.—The lake-built steamers Northwestern, Northeastern, Northman and Northtown, which came to the coast from the lakes last fall to engage in the coal carrying trade to this and other ports, have been chartered for a term of five years for the Texas oil trade, and are to be fitted with tanks for carrying oil in bulk.

Will Face Other Charges.

Ossening, N. Y., April 18.—Louis Alfred Batensi will leave Sing Sing tomorrow after serving six years for misappropriating \$25,000 worth of jewelry, to be met at the door by a warrant from France charging him with embezzling \$1,500,000 from France.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac. dtt

SERIOUSLY ILL.

Mr. George Jenkins Taken to Atlanta for Treatment.

Mr. George Jenkins became seriously ill Thursday, developing symptoms of hydrophobia, and was taken to Atlanta for treatment Thursday night by Dr. Cavitt and his brother, Mr. E. J. Jenkins.

Mr. Jenkins was bitten on the hand by his dog recently, the wound being a mere scratch to which he evidently paid no attention. The dog acted curiously for several days before Mr. Jenkins was bitten and afterwards, and subsequently died. Mr. Jenkins was perfectly calm and self possessed, but realizing his danger, left in search of relief. He has applied himself to business matters for weeks almost continuously, and the hope is expressed that he may be suffering from overwork and exhaustion. His condition is a matter of deep concern to the people of the city, Mr. Jenkins being regarded as one of the best and most useful men in the community. Mrs. Jenkins, who is visiting relatives in England was notified by cable Thursday night and replied yesterday morning that she would sail for home today by the first steamer coming. Mr. C. E. Jenkins is in

charge of his brother's business during his absence.

LATER—Mr. Floy Dansby received the following reassuring telegram yesterday afternoon from Mr. E. J. Jenkins at Lafayette, La: "George holding his own."

GEN. FITZHUGH LEE.

Magnificent Reception Tendered Him by Veterans, Ladies, Citizens and School Children.

Brigadier General Fitzhugh Lee, soldier, statesman, diplomat and orator, arrived from Waco yesterday afternoon at 4:22 and was tendered a magnificent reception by the veterans of Camp J. B. Robertson, the ladies of L. S. Ross Chapter of the Daughters of the Confederacy, Mayor Harrison and members of the city council, a representative committee of citizens and the teachers and pupils of the Bryan graded school. The veterans, ladies and school children formed lines on both sides of the walk leading from the depot to the hotel. The scene was brilliant with flags and flowers, and General Lee was received with ringing cheers at every step while he was conducted through the lines to the hotel. In the lobby the veterans and others were presented to General Lee, who was afterwards conducted to the parlors up stairs where he was tendered an informal reception by the Daughters of the Confederacy. A splendid audience greeted Gen. Lee last night at the opera house which had been beautifully decorated by the ladies. By special invitation the veterans occupied seats on the stage. The distinguished speaker was introduced by Judge Jno. N. Henderson. He is a man of imposing military appearance, emphatic address and decisive manner. His subject was "The United States in Peace and War," a comprehensive theme, epitomizing the history of our country, but dealing chiefly with the facts and events connected with the Spanish-American war. General Lee's personal knowledge of the subject lent vivid interest to his discourse, which was replete with thrilling incidents and strong in descriptive power.

Gen. Lee appeared under the

A FAMILY TRAGEDY.

Two Men Killed and a Woman Seriously Wounded in Arkansas.

DeWitt, Ark., April 18.—A tragedy occurred six miles east of here Thursday in which two men, Henry Hill and B. F. Dillon, lost their lives, and Mrs. B. F. Dillon was perhaps fatally wounded.

Henry Hill and his brother-in-law, B. F. Dillon, were owners of adjoining farms and had trouble about a cross fence between their places. In the afternoon Hill took his Winchester rifle and going over to Dillon's, called the latter out on the front porch and shot him down, killing him. Mrs. Dillon, who is Hill's sister, ran out of the house to her husband, when Hill shot her through the body.

Walter Dillon, a son of the slain man, and nephew of Hill, ran up just as Hill shot his mother. He shot Hill twice with a Winchester, killing him instantly. Mrs. Dillon is still alive, but in a precarious condition. All the parties are white people.

Injunction Against Clerks' Union.

Fort Worth, Tex., April 18.—An application for injunction has been filed by G. Y. Smith & Co., one of the largest dry goods firms of the city, in the Forty-eighth district court against the Retail Clerks' association from exhibiting placards, etc., which the plaintiff alleges are calculated to interfere with their trade and which interference is had on account of the fact that the firm refuses to agree to close its doors after 6 p. m., a demand made by the clerks' union of the city, and agreed to by the other dry goods stores. The plaintiffs allege that representatives of the Retail Clerks' union stand in front of their place of business with their placards in an effort to prejudice customers from trading with them. They set out in their petition for a restraining order that they do not care to close their stores at 6 o'clock for the reason that a great deal of their trade comes in after that hour, especially from the laboring classes of the city, during the summer months and that it would not be to the interest of the concern to close at the hour asked by the Retail Clerks' union. The injunction was temporarily put in force.

Two Prisoners Escape.

Fort Worth, Tex., April 18.—Will Overstreet and Earl Knox made their escape from the county jail Thursday morning between 4 and 5 o'clock. Overstreet was a one-legged man and was incarcerated on the charge of burglary. Knox was one-armed, and had been convicted in the Tarrant county district court on a similar charge and given a five-year sentence in the penitentiary. The two men occupied the same cell on the third story in the front or south part of the jail. Each window in the cell contained an inside iron grate, which was on hinges and locked. The supposition is that the men picked the lock with a small wire from a broom, burned the wooden window frame and succeeded in making a hole into the brick wall, through which they made their exit with either metal pieces from their bunks or with the iron weight in the windows. They tore up their blankets into ropes, which they used in letting themselves down to the ground.

The First Cotton Gin.

Vinita, I. T., April 18.—The first cotton gin ever built in the territory of the Five Civilized Tribes was elected on Baptizing creek, about a mile west of Eufaula, some 28 years ago. It was built by W. C. Crabtree, who also has the honor of bringing the first cotton seed to speak of to this city. The gin did business about three years, when it burned down, and the next gin in the country was built at Eufaula a short time after. The gin on Baptizing creek naturally did all the business of the country in its day, and as an evidence of the amount of cotton grown here then it only ginned about 350 bales one year and about 400 the next.

Insurance Companies Resume.

Vicksburg, Miss., April 18.—The fight between the insurance companies and the city authorities ended abruptly Thursday when Fire Chief Marks handed in his resignation to the city council. The climax came at a joint meeting of the city council and commercial bodies, which at one time almost degenerated into a riot. All insurance business suspended on the 15th instant has been resumed.

One Hundred Miles a Minute.

Denver, Colo., April 18.—The world's record has been broken in a run of 14.8 miles on the western division of the Chicago, Burlington and Quincy railroad, when a speed of 98.7 miles an hour was made by a regular passenger train. The run was made by train No. 6, east bound, which left Denver behind time. The records show the train ran that distance in 9 minutes.

Color Line in Woman's Club.

Fort Smith, Ark., April 18.—The Arkansas Federation of Women's clubs, in annual session here, adopted a resolution opposing any compromise measure "which shall leave a loophole by which colored women may be introduced into the general Federation of Women's clubs," and providing for the withdrawal of the Arkansas organization from the national federation if colored clubs are admitted.

SERIOUSLY ILL.

Mr. George Jenkins Taken to Atlanta for Treatment.

Mr. George Jenkins became seriously ill Thursday, developing symptoms of hydrophobia, and was taken to Atlanta for treatment Thursday night by Dr. Cavitt and his brother, Mr. E. J. Jenkins.

Mr. Jenkins was bitten on the hand by his dog recently, the wound being a mere scratch to which he evidently paid no attention. The dog acted curiously for several days before Mr. Jenkins was bitten and afterwards, and subsequently died. Mr. Jenkins was perfectly calm and self possessed, but realizing his danger, left in search of relief. He has applied himself to business matters for weeks almost continuously, and the hope is expressed that he may be suffering from overwork and exhaustion. His condition is a matter of deep concern to the people of the city, Mr. Jenkins being regarded as one of the best and most useful men in the community. Mrs. Jenkins, who is visiting relatives in England was notified by cable Thursday night and replied yesterday morning that she would sail for home today by the first steamer coming. Mr. C. E. Jenkins is in

charge of his brother's business during his absence.

LATER—Mr. Floy Dansby received the following reassuring telegram yesterday afternoon from Mr. E. J. Jenkins at Lafayette, La: "George holding his own."

GEN. FITZHUGH LEE.

Magnificent Reception Tendered Him by Veterans, Ladies, Citizens and School Children.

Brigadier General Fitzhugh Lee, soldier, statesman, diplomat and orator, arrived from Waco yesterday afternoon at 4:22 and was tendered a magnificent reception by the veterans of Camp J. B. Robertson, the ladies of L. S. Ross Chapter of the Daughters of the Confederacy, Mayor Harrison and members of the city council, a representative committee of citizens and the teachers and pupils of the Bryan graded school. The veterans, ladies and school children formed lines on both sides of the walk leading from the depot to the hotel. The scene was brilliant with flags and flowers, and General Lee was received with ringing cheers at every step while he was conducted through the lines to the hotel. In the lobby the veterans and others were presented to General Lee, who was afterwards conducted to the parlors up stairs where he was tendered an informal reception by the Daughters of the Confederacy.

A splendid audience greeted Gen. Lee last night at the opera house which had been beautifully decorated by the ladies. By special invitation the veterans occupied seats on the stage. The distinguished speaker was introduced by Judge Jno. N. Henderson. He is a man of imposing military appearance, emphatic address and decisive manner. His subject was "The United States in Peace and War," a comprehensive theme, epitomizing the history of our country, but dealing chiefly with the facts and events connected with the Spanish-American war. General Lee's personal knowledge of the subject lent vivid interest to his discourse, which was replete with thrilling incidents and strong in descriptive power.

Gen. Lee appeared under the

A Good Game of Ball.

The third game of baseball between Allen Academy and Bryan boys was played Thursday afternoon, on Academy grounds. Batteries: Academy, Adams and Parker; Bryan, Hearne and McConico.

This was a good game, the score being nearly even, and low enough to show good work. Like the two others, this was a victory for the Academy, by a score of 7 to 6.

Great interest was manifested in the game by the friends of the respective teams, and the attendance was good.

BULLER WAS TO BE

Cannot Shift the Defeat at Spion Kop on Warren.

ADMITS HIS MISTAKE

He Says When He Saw Warren's Blunder He Should Have Assumed Command, but it Was Then too Late to Do So.

London, April 18.—All official dispatches referring to defeat sustained by British troops under General Buller at Spion Kop, Natal, Jan. 24, 1900, has been made public.

Those hitherto unpublished merely emphasize how hopelessly muddled were preparations for that engagement. The controversy between Buller and Warren proved to have been even more bitter than previously hinted at, while new extract from one of Lord Roberts' dispatches brings additional censure on General Buller.

Roberts declares Buller's endeavor to put the responsibility for defeat on Warren not justifiable. Roberts holds it was Buller's duty to intervene, when he saw things were going wrong. This remark was caused by dispatch from Buller in which he says:

"I saw no attempt on the part of Warren to either grapple with situation or command his force himself. We lost our chance by Warren's slowness. He seems to me to be a man who can do well what he can do himself, but who cannot command. I can never employ him again on independent command. I ought to have assumed command myself when I saw things not going well. I blame myself now for not doing so."

Buller explained he failed to supersede Warren because it might have discredited the latter with troops which was especially a serious matter, as if Buller had been shot Warren would have succeeded to supreme command. Question of responsibility for actual retreat from Spion Kop is shrouded in maze of dispatches, proving a mistake was made in sending a telegram and that there was a general desire to shirk on us. Beyond this washing of dirty linen nothing appears to have been accomplished by publication of dispatches.

WILL AVOID BRITISH.

Lynch Will Not Take Chances of Being Tried for Treason.

London, April 18.—Although there is no indication that Colonel Arthur Lynch, who fought on the Boer side in the South Africa war and was elected to represent Galway city in parliament in November last, has any intention of placing himself within the reach of the British courts. The government is bringing witnesses from South Africa to testify in support of the charges of high treason brought against him. Lewis Handley, an American by birth, but a naturalized British subject and farmer of the vicinity of Glencoe, Natal, has landed in England. He says Colonel Lynch was leader of the Boer force, principally composed of Irishmen, who raided his farm in 1900, confiscated his stock and other moveables and destroyed his crops. Lynch informed Handley that he (Lynch) was a British subject.

VALUABLE PAPER.

Frick's Holdings in the United States Steel Corporation.

New York, April 18.—Henry C. Frick, the steel magnate, has deposited at the banking house of J. P. Morgan & Co., what probably is one of the most valuable pieces of paper in existence. It is a certificate for 100,000 shares of preferred stock in the United States Steel corporation, yielding Mr. Frick dividends of \$700,000 annually. It is stated that the deposit was made for the purpose of exchanging two-fifths of the preferred stock it represents into the \$4,000,000 worth of bonds of the proposed new issue. The balance in the deal, \$6,000,000, will be repaid to Mr. Frick in the shape of new preferred stock certificate.

Big Beet Sugar Factory.

Fort Collins, Colo., April 18.—Representatives of the Havemeyer people have closed a deal for the purchase of 120 acres just north of this town for \$18,000. Engineers will go to work laying outside tracks and locating a beet sugar factory. The plant will be the largest in northern Colorado and will begin operations with a capacity of 1000 tons, and if more acreage can be secured it will be enlarged to 2000 tons.

Refused to Commute.

Austin, April 18.—The governor has refused to commute the death sentence of John Roan, the negro rapist, condemned to be hanged at Marlin next Saturday. The governor made a careful investigation of the case and granted two respites to the negro to fully consider and came to the determination the negro must hang. His victim was a young white girl 14 years of age.

Senate Confirmations.

Washington, April 18.—The senate has confirmed the nominations James R. Garfield of Ohio to be United States civil service commissioner and William Williams of New York to be commissioner of immigration for the port of New York.

A Good Game of Ball.

The third game of baseball between Allen Academy and Bryan boys was played Thursday afternoon, on Academy grounds. Batteries: Academy, Adams and Parker; Bryan, Hearne and McConico.

This was a good game, the score being nearly even, and low enough to show good work. Like the two others, this was a victory for the Academy, by a score of 7 to 6.

Great interest was manifested in the game by the friends of the respective teams, and the attendance was good.

Will Close for Field Day.

VALUABLE PAPER.

Frick's Holdings in the United States Steel Corporation.

New York, April 18.—Henry C. Frick, the steel magnate, has deposited at the banking house of J. P. Morgan & Co., what probably is one of the most valuable pieces of paper in existence. It is a certificate for 100,000 shares of preferred stock in the United States Steel corporation, yielding Mr. Frick dividends of \$700,000 annually. It is stated that the deposit was made for the purpose of exchanging two-fifths of the preferred stock it represents into to \$4,000,000 worth of bonds of the proposed new issue. The balance in the deal, \$6,000,000, will be repaid to Mr. Frick in the shape of new preferred stock certificate.

Big Beet Sugar Factory.

Fort Collins, Colo., April 18.—Representatives of the Havemeyer people have closed a deal for the purchase of 120 acres just north of this town for \$18,000. Engineers will go to work laying outside tracks and locating a beet sugar factory. The plant will be the largest in northern Colorado and will begin operations with a capacity of 1000 tons, and if more acreage can be secured it will be enlarged to 2000 tons.

Refused to Commute.

Austin, April 18.—The governor has refused to commute the death sentence of John Roan, the negro rapist, condemned to be hanged at Marlin next Saturday. The governor made a careful investigation of the case and granted two respites to the negro to fully consider and came to the determination the negro must hang. His victim was a young white girl 14 years of age.

Senate Confirmations.

Washington, April 18.—The senate has confirmed the nominations James R. Garfield of Ohio to be United States civil service commissioner and William Williams of New York to be commissioner of immigration for the port of New York.

The EYE

The Eye is a wonderful piece of divine mechanism, and deserves the best care within the reach of human knowledge. The delicate construction of this organ makes it necessary to use great care in selecting eyeglasses and spectacles. It is not generally understood by those depending upon artificial assistance for good vision, that it requires as much skill and scientific knowledge to adjust lenses to the eye as it does to prescribe medicines for the human system. Much of the present day eye trouble is due to wearing cheap, decentered lenses. No person should wear a glass unless prescribed by a reliable eyesight specialist, one thoroughly acquainted with anatomy, physiology and diseases of the eye, laws of light and science of optics.

Ordinary failing eyesight is by some regarded as alarming—by others treated too carelessly. All eyes begin to fail at 40 years of age, some have troubles a year or two before that time, the majority not till after. Ninety per cent of eye troubles are due to "putting off" the use of glasses after failure begins, or to wearing of wrong ones. Age, however, is no criterion for the wearing of glasses. Many are born with greater defects than come with the advance of years. When the need of glasses is actually evidenced, the CHILD or TEN needs them much more than the adult of eighty. Nerve and muscle strain, due to the eye defects of children, act as an impediment to mental and physical development. What the eye sees is telegraphed at once to the brain. Strain the nerves of the eye and the brain is made to feel and suffer. Eye testing and glass fitting has advanced to a science—even to the man who has perfected himself in that science, there is no one test which can always be depended upon for accurate results. That a complete and reliable diagnosis of the Eye can only be reached by the use of several tests is becoming universally acknowledged.

SYMPTOMS OF EYE DEFECTS, SHOWING THE NEED OF GLASSES OR NEED OF DIFFERENT GLASSES.

Headache, dizziness, aversion to bright light, inability to see at close range, with perfect distant vision, sleepy feeling and desire to close the eyes when reading, or lines and letters running together, darting pains in eyeballs or temples, acquired cross eyes in children under ten years of age, blurring of vision, or inability to see objects distinctly at a distance, holding reading or close work either beyond or inside the normal distance of twelve inches, fatigue, or requiring a stronger light when reading, smarting or burning sensation in or about the eyes, seeing objects double, quivering of lids, or jerking of muscles in and around the eyes, dark floating spots or bright lights flashing before the eyes, turning head sideways to look at an object, or holding object too close, watering of the eyes. This is an age of Specialists. The ability to do one thing and do it well is more to be commended and is of more benefit to humanity, than to do many things and none equal to the best. We limit our practice on the eye to errors of refraction, and thoughtful people are showing their appreciation of the specialist who devoted his time and study to acquiring knowledge of the eyes, and individual eyesight peculiarities.

ARMISTICE DENIED

Request of Boers Not Approved by General Kitchener.

GIVEN MORE TIME

Transvaal and Free State Leaders May Have More Freedom in Arranging Further Conferences. Nothing Expected Soon.

London, April 18.—The government leader, A. J. Balfour, in the house of commons, made the following important statement:

"After two conferences between Lord Milner, the British high commissioner of South Africa, Lord Kitchener and Boer delegates at Pretoria, Lord Kitchener, while refusing to grant an armistice on military grounds, has agreed to give facilities for an election and meeting of representatives of various Boer commands to consider the position. The Boer leaders have therefore left Pretoria to carry out this plan."

Mr. Balfour added that it was not expected that communication between British authorities and Boer leaders could be resumed in less than three weeks' time.

CANNOT AGREE.

Transvaal and Free State Delegates Can Not Agree to Peace Terms.

London, April 18.—Serious differences are said to have arisen between the Transvaal and Free State delegates discussing peace terms at Pretoria. General Botha and Acting President Schaburger, it is reported, have given the Free State representatives until April 21 to come to a decision threatening that thereafter the Transvaal delegation will take peace negotiations independently of Free State delegates.

To Exterminate Wolves.

Waco, Tex., April 18.—Peter S. McClelland, who returned from the western border of McLennan county, reports the pastures overrun by wolves and the stockmen out hunting them with a view to their extermination. Messrs. Eikelberger and Westbrook were in the hunting party with a pack of dogs famous for records in red fox chasing, with the State Fox Hunters association. While Col. McClelland was present the dogs killed a she wolf and her six cubs, which had been preying on lambs and pigs. The hunt will not cease until the pastures are delivered from the wolves.

Dangerous Operation Performed.

San Francisco, Cal., April 18.—The life of Aaron Johnson has been saved at the city and county hospital here through an operation never before performed on this coast, the complete extirpation of the larynx, on which was a cancerous growth. This will rank as one of three or four successful cases on record in the world, for the danger point is now regarded as passed. An artificial larynx is being made for the patient, which, it is asserted, will enable him to speak, though his voice will be confined to a monotone.

Texas-Mexican Railway Extension.

Austin, April 18.—The New York, Texas and Mexican Railway company has secured approval and filed with the secretary of state amendment to its charter providing the construction of an extension from the present terminus at Van Vleet station, Matagorda county, to the main line at Wharton, 20 miles, also extension from Van Vleet to Bay City, a distance of 20 miles.

Work on Galveston Harbor.

Washington, April 18.—The committee on commerce has authorized amendments to the river and harbor bill authorizing the beginning of work on all three sections of the inner harbor of Galveston, Texas, instead of only two sections at first decided upon and giving authority to the secretary of war to renew bridge charters, avoiding the necessity of legislation for that purpose.

Sponsor for Virginia Brigade.

Chicago, April 18.—Miss Lucy Lee Hill, daughter of General A. P. Hill, has received a telegram from Sterling Price Camp of Confederate veterans at Dallas telling her General John B. Gordon, commander-in-chief had appointed her sponsor for the Virginia brigade at the Confederate reunion to be held at Dallas next week.

Baylor's New President.

Waco, Tex., April 18.—S. B. Brooks was elected president of Baylor University to fill the vacancy occasioned by the resignation of Dr. Oscar H. Cooper. Prof. Brooks is taking a post-graduate course at Yale. He is a graduate of Baylor University. His home is at Cleburne, Johnson county.

Double Hanging in Louisiana.

Donaldsonville, La., April 18.—Ellis Washington and Phil. Wallace were hanged here for murder of Lee Geismar. Washington was cheerful to the last, but Wallace was on the verge of collapse when he ascended the scaffold.

British Loan Oversubscribed.

London, April 18.—The portion of the new British war loan offered for public subscription (£16,000,000) has been oversubscribed 30 or 40 times, and is now quoted at 1 per cent premium.

Woman Dies Suddenly.

Austin, Tex., April 18.—Mrs. Bassist McDade, aged 45 years, dropped dead here at the home of her sister-in-law, a Mrs. Cline. Bright's disease cause of her death.

DENY CRUELTY.

Rev. Hertz Says Boers in British Camps Were Well Treated.

New York, April 18.—Rev. Dr. Joseph Hertz, who was a member of Lord Milner's high or advisory committee in South Africa, and chaplain of the Rand rifles, has arrived in this city, his former home. When the war broke out Dr. Hertz was expelled from Johannesburg by Mr. Kruger for being an unitlander. He has since visited many of the British concentration camps in South Africa. Of these camps and on kindred subjects Dr. Hertz says:

"The stories of British cruelty to the wives and families of the Boers in the concentration camps are absurd. It is not the fighting Boer who makes these charges, but the stay-at-home Why, the Boer in the field sends his family to the British to take care of, so that he will not be hampered by them while fighting. While there were but 5000 children attending school in the Orange Free State before the war started, there are now 14,000 at school under the British governmental rule."

STARVING IN RUSSIA.

Scurvy and Typhoid Fever Adds to the Misery of the Stricken.

St. Petersburg, April 18.—Reports received here from famine-stricken districts of Russia more than justify the anticipations of acute suffering in those localities. Scurvy and typhoid fever are devastating the peasantry throughout the whole of Altai (Highlands of Siberia) region, formerly the chief granary of Siberia.

Starving people there have consumed even the last remnants of their seed grain and no spring crops has been sown.

Charged With Smuggling.

El Paso, Tex., April 18.—The federal authorities took into custody an alleged smuggler and the customs officers regard the capture as one of the most important made at this point for many years. The prisoner had in his possession diamonds, watches and jewelry, valued at nearly \$2000, and he is accused of trying to smuggle these goods into the United States. He is a native of Germany, but a naturalized American, and claims that he has been traveling about the country selling watches and jewelry.

His home is in New York, where he recently operated a pawn shop. He went to Mexico about five weeks ago and came to Juarez on the Mexican Central to be stopped at the bridge and arrested by an inspector.

Officials Violate Game Law.

Texarkana, Tex., April 18.—Sheriff Bickham of the Arkansas side went to Lafayette county, Arkansas, and arrested C. C. Dubose, sheriff of that county, and his chief deputy, Arthur Velvin, on indictments found by the grand jury of Miller county, charging violation of the state game law. The two counties adjoin and it is claimed the accused officers and their friends have been in the habit of making camp hunts in Miller county after the game season was over.

Would Welcome Peace.

New York, April 18.—Former Governor James S. Hogg of Texas, who has arrived here from London, where he has been since February, will remain here a week before continuing his journey to Texas. Gov. Hogg laughingly refused to discuss the "knee breeches" episode, but consented to express his opinion of the Boer war. "The end of the trouble in South Africa," he said, "would gratify every Englishman, especially as the coronation is so near. The people don't want to celebrate while blood is being shed."

Long Run for Automobile.

London, April 18.—Five hundred miles between Glasgow and London in 28 hours, with but one stop, is the automobile record just established by S. F. Edge, with a 16-horse power machine. The trial was intended for an endurance test and no attempt at speed was made, although a high rate was maintained. Mr. Edge expressed himself well satisfied with the result, which, he said, demonstrated fully the utility and reliability of automobiles.

They Robbed Churches.

New York, April 18.—Louis Lester and Thomas Riley, the former claiming Galveston, Tex., as his home, have been arrested with articles in their possession which had been stolen from churches. Lester has, according to the police, made a confession in which he said they had started in the burglary business at Pittsburg, making a specialty of looting churches. He estimated they had stolen valuables from the altars of more than 200 sanctuaries throughout the country.

Columbian Exposition Profits.

Chicago, April 18.—The \$450,000 which remains in the treasury of the World's Columbian Exposition company will be divided next week among 20,000 shareholders. The last lawsuit against the company has been decided, and the board of directors has concluded to distribute the money as soon as preliminary work can be accomplished. The dividend is estimated at about 45 cents a share.

Knights Templars Conclave Over.

El Paso, Tex., April 18.—Texas Knights Templars have finished their conclave and elected officers. Jacob F. Zurn of Fort Worth was elected grand commander and Austin was selected as the place for the next meeting. The order in the state has 113 commanderies.

Murder in First Degree.

Hudson, N. Y., April 18.—The jury in the case of Burton, Willis and Frederick Van Wormer, charged with murdering their uncle, Peter A. Hallenbeck, returned a verdict of murder in first degree against all three.

Work on Galveston Harbor.

Washington, April 18.—The committee on commerce has authorized amendments to the river and harbor bill authorizing the beginning of work on all three sections of the inner harbor of Galveston, Texas, instead of only two sections at first decided upon and giving authority to the secretary of war to renew bridge charters, avoiding the necessity of legislation for that purpose.

Sponsor for Virginia Brigade.

Chicago, April 18.—Miss Lucy Lee Hill, daughter of General A. P. Hill, has received a telegram from Sterling Price Camp of Confederate veterans at Dallas telling her General John B. Gordon, commander-in-chief had appointed her sponsor for the Virginia brigade at the Confederate reunion to be held at Dallas next week.

Baylor's New President.

Waco, Tex., April 18.—S. B. Brooks was elected president of Baylor University to fill the vacancy occasioned by the resignation of Dr. Oscar H. Cooper. Prof. Brooks is taking a post-graduate course at Yale. He is a graduate of Baylor University. His home is at Cleburne, Johnson county.

Double Hanging in Louisiana.

Doanstownville, La., April 18.—Ellis Washington and Phil. Wallace were hanged here for murder of Lee Gelsmar. Washington was cheerful to the last, but Wallace was on the verge of collapse when he ascended the scaffold.

British Loan Oversubscribed.

London, April 18.—The portion of the new British war loan offered for public subscription (£16,000,000) has been oversubscribed 30 or 40 times, and is now quoted at 1 per cent premium.

Woman Dies Suddenly.

Austin, Tex., April 18.—Mrs. Bassist of McDade, aged 45 years, dropped dead here at the home of her sister-in-law, a Mrs. Cline. Bright's disease cause of her death.

DENY CRUELTY.

Rev. Hertz Says Boers in British Camps Were Well Treated.

New York, April 18.—Rev. Dr. Joseph Hertz, who was a member of Lord Milner's high or advisory committee in South Africa, and chaplain of the Rand rifles, has arrived in this city from his former home. When the war broke out Dr. Hertz was expelled from Johannesburg by Mr. Kruger for being an unflincher. He has since visited many of the British concentration camps in South Africa. Of these camps and on kindred subjects Dr. Hertz says:

"The stories of British cruelty to the wives and families of the Boers in the concentration camps are absurd. It is not the fighting Boer who makes these charges, but the stay-at-home Boer. Why, the Boer in the field sends his family to the British to take care of, so that he will not be hampered by them while fighting. While there were but 5000 children attending school in the Orange Free State before the war started, there are now 14,000 at school under the British governmental rule."

STARVING IN RUSSIA.

Scurvy and Typhoid Fever Adds to the Misery of the Stricken.

St. Petersburg, April 18.—Reports received here from famine-stricken districts of Russia more than justify the anticipations of acute suffering in those localities. Scurvy and typhoid fever are devastating the peasantry throughout the whole of Altai (Highlands of Siberia) region, formerly the chief granary of Siberia.

Starving people there have consumed even the last remnants of their seed grain and no spring crops has been sown.

Charged With Smuggling.

El Paso, Tex., April 18.—The federal authorities took into custody an alleged smuggler and the customs officers regard the capture as one of the most important made at this point for many years. The prisoner had in his possession diamonds, watches and jewelry, valued at nearly \$2000, and he is accused of trying to smuggle these goods into the United States. He is a native of Germany, but a naturalized American, and claims that he has been traveling about the country selling watches and jewelry.

His home is in New York, where he recently operated a pawn shop. He went to Mexico about five weeks ago and came to Juarez on the Mexican Central to be stopped at the bridge and arrested by an inspector.

Officials Violate Game Law.

Texarkana, Tex., April 18.—Sheriff Bickham of the Arkansas side went to Lafayette county, Arkansas, and arrested C. C. Dubose, sheriff of that county, and his chief deputy, Arthur Velvin, on indictments found by the grand jury of Miller county, charging violation of the state game law. The two counties adjoin and it is claimed the accused officers and their friends have been in the habit of making camp hunts in Miller county after the game season was over.

Would Welcome Peace.

New York, April 18.—Former Governor James S. Hogg of Texas, who has arrived here from London, where he has been since February, will remain here a week before continuing his journey to Texas. Gov. Hogg laughingly refused to discuss the "knee breeches" episode, but consented to express his opinion of the Boer war. "The end of the trouble in South Africa," he said, "would gratify every Englishman, especially as the coronation is so near. The people don't want to celebrate while blood is being shed."

Long Run for Automobile.

London, April 18.—Five hundred miles between Glasgow and London in 28 hours, with but one stop, is the automobile record just established by S. F. Edge, with a 16-horse power machine. The trial was intended for an endurance test and no attempt at speed was made, although a high rate was maintained. Mr. Edge expressed himself well satisfied with the result, which, he said, demonstrated fully the utility and reliability of automobiles.

They Robbed Churches.

New York, April 18.—Louis Lester and Thomas Riley, the former claiming Galveston, Tex., as his home, have been arrested with articles in their possession which had been stolen from churches. Lester has, according to the police, made a confession in which he said they had started in the burglary business at Pittsburgh, making a specialty of looting churches. He estimated they had stolen valuables from the altars of more than 200 sanctuaries throughout the country.

Columbian Exposition Profits.

Chicago, April 18.—The \$450,000 which remains in the treasury of the World's Columbian Exposition company will be divided next week among 20,000 shareholders. The last lawsuit against the company has been decided, and the board of directors has concluded to distribute the money as soon as preliminary work can be accomplished. The dividend is estimated at about 45 cents a share.

Knights Templars Conclave Over.

El Paso, Tex., April 18.—Texas Knights Templars have finished their conclave and elected officers. Jacob F. Zurn of Fort Worth was elected grand commander and Austin was selected as the place for the next meeting. The order in the state has 113 commanderies.

Murder in First Degree.

Hudson, N. Y., April 18.—The jury in the case of Burton, Willis and Frederick Van Wormer, charged with murdering their uncle, Peter A. Hallenbeck, returned a verdict of murder in first degree against all three.
